

INSULATING STAIN BLOCK PAINT

EFFECTIVELY COVERS AND ISULATES STAINS ON WALLS AND CEILINGS

1. DESCRIPTION

Product Type

Xylazel Insulating Stain Block Paint permanently covers a great number of different stains, such as nicotine, soot, rust, grease, ballpoint pen and wine.

It also avoids the reappearance of algae and mould.

For interior and exterior use.

Xylazel Insulating Stain Block Paint can be used on interior and exterior walls and ceilings, including plaster, cement and stone.

Advantages

- Contains active preservers of the covering against the appearance of mildews, algae and fungi.
- Excellent adherence properties.
- Can be used as a primer, blocking the stains so they can be overcoated with a different paint.
- Non-yellowing.
- Smooth white finish. Can be dyed with universal dye at a maximum concentration of 10 % or overcoated with conventional paint.
- Low odor, once dried, it does not smell.
- Washable.

Colour

Matt White

Packaging

750 ml , 4 l and 15 l.

2. TECHNICAL DATA

Drying Time: Dry to the touch 30 minutes, overcoating 6 hours

Density: 1,37 g/cm³.

Coverage: 9-10 m²/L.

Cleaning equipment: water and soap.

3. USAGE GUIDE

Preparation

The surface should be clean, dry and free from dust and any loose material.

Stir well before use, do not dilute.

Application

It can be applied by brush or paint roller in one or two coats allowing sufficient drying time between applications.

General precautions: Always close the product tightly after each use. Keep in a cool dry place.

Do not use or store in extremes of temperature. Protect from frost.

4. OTHER INFORMATION

Do not empty into drains or water courses. Some local authorities have special facilities for disposing of waste coatings. Do not store below 5°C or above 45°C. Not suitable for use in contact with drinking water or foodstuffs. The product is not hazardous according Regulation about classification, packaging and labelling of dangerous preparations (RD 255/2003).

5. INFORMATION AND SERVICE

Whilst these specifications are based on expert technical knowledge and practical experience, we cannot assure responsibility for any work as the ultimate result depends on factors beyond our direct control.

Our Technical Services Department will be pleased to offer specific guidance or provide any further information you may require.
